

# The Varnish Food

**EVERY** piece of furniture in your house will look better after you have used O-Cedar Polish.

Dull, lifeless, dingy varnished woodwork will again become as sparkling bright as the day it was new. The beauty of the grain of the wood will be brought out. Smudges and seeming defects will disappear.

And best of all, you do all of this without hard rubbing or constant polishing.

## O-Cedar Polish

the varnish food. A pure vegetable compound that combines freely with water. Not a veneer or a gummy, sticky, dust collecting coating, but a cleaner and polish rejuvenator. Produces a glass-like, hard, durable lustre that lasts.

### Use O-Cedar Polish

*the O-Cedar Polish Way*

Wet a piece of cheese cloth with water and wring dry. Then pour on O-Cedar Polish until the cloth holds

as much O-Cedar Polish as it does water.

Rub the surface to be cleaned thoroughly, then dry with another piece of cheese cloth, rubbing until the desired lustre is obtained.

By following these simple and easy directions, you are assured of the best results—cleaner, brighter and prettier furniture.

Try a bottle of O-Cedar Polish today with this understanding: if you are not delighted with the result it brings, your money will be refunded. Use it the O-Cedar way.
